

What Our Customers Say...

dressbarn

March 21, 2011

To whom it may concern:

Dress Barn, Inc. has been using EnTelegent Solutions as a vendor since April, 2010. During that time, they have provided local voice lines for DSL access to more than 300 Dress Barn locations throughout the U.S.

We chose EnTelegent because of their billing and customer service solutions, which helped us to reduce the number of vendors we had to manage. They added simplicity, and saved us time and resources.

I would recommend EnTelegent Solutions' services. They have been completely reliable and competent.

"I would recommend EnTelegent Solutions' services. "

"North American Kiosk is very pleased with the relationship we share with EnTelegent Solutions."

"They provide us with the reliability we need for our day-to-day operations."

"I would highly recommend EnTelegent Solutions..."

March 22, 2011

"North American Kiosk is very pleased with the business relationship we share with EnTelegent Solutions. Our business need is very unique since we manage locations that are not a permanent fixture and we were looking for a responsive partner able to get things done, and EnTelegent continues to be a good fit. They provide us with the reliability we need for our continuous day-to-day operations.

I would highly recommend EnTelegent Solutions to other businesses for their telecom needs."

Richard Long, Chief Technical Officer
