Product Description

EnTelegent is the service provider you can rely on to provide mission-critical connectivity to grow with you as your business needs evolve over time.

With multiple Tier 1 national provider partners, EnTelegent can provide Local dial tone solutions to match your needs whether switched or dedicated, stand alone or used with an existing PBX or phone system. Service can be as simple as a single line with no features up to multiple lines with multiple features such as hunting, call forward and caller ID.

The underlying partner infrastructure incorporates an extensive network of relationships designed to deliver solutions that are among the best in the industry.

Additional benefits include world-class service levels and a comprehensive, easy to use customer portal to manage complex enterprise environments.

EnTelegent leverages best-in-class technology and service offerings, combined with aggressive pricing and a world-class support infrastructure, to provide industry leading managed communications solutions to the business community.
