

Get peace of mind with EnTelegent's network design, deployment, management, and 24/7/365 NOC operational support.

TRANSFORM YOUR BUSINESS WITH MANAGED SERVICES

# SD-WAN & MANAGED INFRASTRUCTURE

## OUR CLIENT-CENTRIC SD-WAN APPROACH

We take the time to understand exactly what your requirements are and assist where needed in the design of a solution that aligns with your business and performance objectives.

EnTelegent Solutions delivers complete SD-WAN end-to-end management and support solutions. We **CONSULT, DESIGN, STAGE, DEPLOY** and **MANAGE SD-WAN** as required - including **24/7/365 NOC OPERATIONAL SUPPORT** and **INCIDENT/CHANGE MANAGEMENT**.

EnTelegent's comprehensive **SECURE WEB PORTAL** consolidates all your service provider portals into a single, user-friendly management tool for:

- **API Integration**
- **Monitoring**
- **Alerting**
- **Ticketing**
- **Reporting (Latency, Packet Loss, SLAs & more)**

As part of our SD-WAN process, we partner you with an experienced, dedicated Project Manager, who serves as a single point of contact to handle logistics, and provide oversight for all configuration, deployment coordination and Engineering assistance.

In addition to our internal resources, we maintain an extensive network of domestic and international-based technicians in 160+ countries to perform SD-WAN and network installations.

All installations are remotely supported by EnTelegent's Network and SD-WAN Engineers.

### ADDITIONAL ENTELEAGENT NETWORK SERVICES INCLUDE:

- **Circuit Management (Including 3rd Party)**
- **Switch/AP/Server Management**
- **IoT Device Management**
- **Integrated Polling/Data Gathering, Reporting and Ticket Management for Circuits and CPE via our Portal**

Give us an opportunity to learn more about your SD-WAN and Managed Infrastructure needs. Contact us today to schedule a no-cost, no obligation consultation.

WE ARE CERTIFIED...  
**CISCO MERAKEI & FORTINET**

with the ability to manage others via our portal.
