

FIELD SERVICES

From short-term assistance to facilitate break-fix, to complex deployments requiring highly skilled technicians and experienced project management, you can depend on EnTelegent Solutions to be there for you in over 160 countries worldwide.

FIELD SERVICES are ideal for organizations that are trying to extend their reach at home or abroad and may not have the boots on the ground or the expertise to execute across locations, services, and geographies.

- Tom Turpin, CEO EnTelegent Solutions
